

DESIGN[ED] FOR YOU

2022 [COLLECTION]

# daao

DAAO – Design and Architecture Atelier presents our Furniture Collection developed by DAAO Studio.

Being developed in the last two years, this Collection brings to the domestic furniture a new concept. Of functional aspect, DAAO Collection prioritizes its use and the purpose for which it is intended, dispensing devices or purely decorative forms.

It is our belief that the function generates the form and that the intent of the design stands out from the artifice of the same.

[info@daao.pt](mailto:info@daao.pt) [www.daao.pt](http://www.daao.pt)

In this Collection the design was a reciprocal game between the object and the space involved, to which is normally intended the habitat.

The environment and its disposal in space thus become a priority, as we begin to create the concept.

THE MODERN LIFE  
REQUIRES ADAPTABILITY  
AND FLEXIBILITY.  
ALL OF OUR PRODUCTS  
HAVE ONE THING IN  
COMMON:  
FUNCIONAL AND  
AESTHETIC QUALITY

THIS BROCHURE OFFERS A OVERVIEW OF OUR COLLECTION. **WELCOME TO DAAO** COLLECTION

[info@daao.pt](mailto:info@daao.pt) [www.daao.pt](http://www.daao.pt)

## DESIGN[ED] FOR YOU

We intend to bring to the furniture a new concept, being functional, fun, and useful, based on versatility, minimalism and modularity.

I

## (RE)THINK THE MODULAR

N

Structures can be assembled and disassembled. Our structures, shelves and modular solutions is perfectly adaptable to the changing needs that current families have and the different spaces that people come to inhabit during their lifetime.

S

Some of our furniture proposal fits in a DIY trend. In modular solution using more or less modules, each user can very simply build himself/herself a unique piece of furniture. This philosophy is applicable in our furniture pieces.

P

I

R

The structures are adaptable to the changing needs of families or businesses, creating different spaces that people come to inhabit during their life, and growing as needed. Our products name's is numbers, discovery our collection.

E

## RELAX[ING]

To project, plan and formulate is thus not a linear process, standing out by the interlacing of the design with a concept and these with multiple materials. The ultimate result is a highly usable pieces of furniture.

Y O

Thus, a project must be useful, comfortable in its use and serious... after these assumptions, the object becomes beautiful, which allows us, perhaps, to speak in the poetic and intrinsic quality of the objects that surround us.

S E

The environment and its disposal in space thus become a priority, as we begin to create and design a new concept. All this provision communicates to the viewer, creating a bond with him. This is the design.

## [RE]IMAGINE

An object, to us, is not just a project. It born from a concept absorbed by the surrounding culture, it grows and it is returned to this culture, now with a shape and able to be used. Simple clever and inventive.

U R

In this Collection the design was a reciprocal game between the object and the space involved, to which is normally intended the habitat. Our concept collection are developed in this diligent design process.

# SHELVES 17

RE DESIGN: DANILO OLIM 2017

SYSTEM 17 IS AN ORIGINAL PRODUCT BY DAAO

**Shelves 17** has a thickness of 70mm and may have any height or width desired. Made up by multiple shelves, this bookcase can be designed in all sorts of different sizes, with no limitations in dimensions.

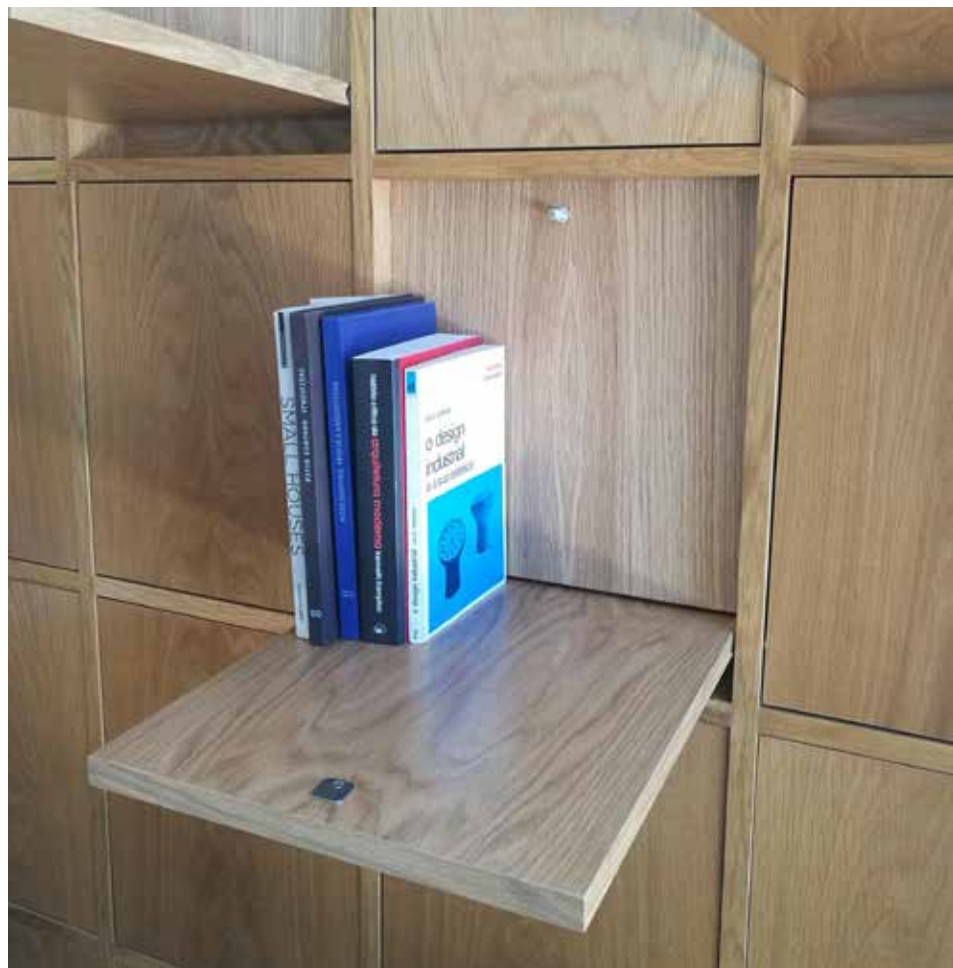

## DESIGN[ED] FOR YOU SHELVES 17

Redesign: Danilo Olim by  
DAAO 2017

Available wood are: Wal-  
nut, Birch plywood or Oak.  
1 shelf (measures in millim-  
eters): W 300 x H 340

Board with shelves with  
an independent organiza-  
tion. Opens one, two, or  
all, adapting to the most  
suitable organization.  
**Bookshelf 17** was de-  
veloped with the premise  
to occupy the necessary  
space, when necessary.

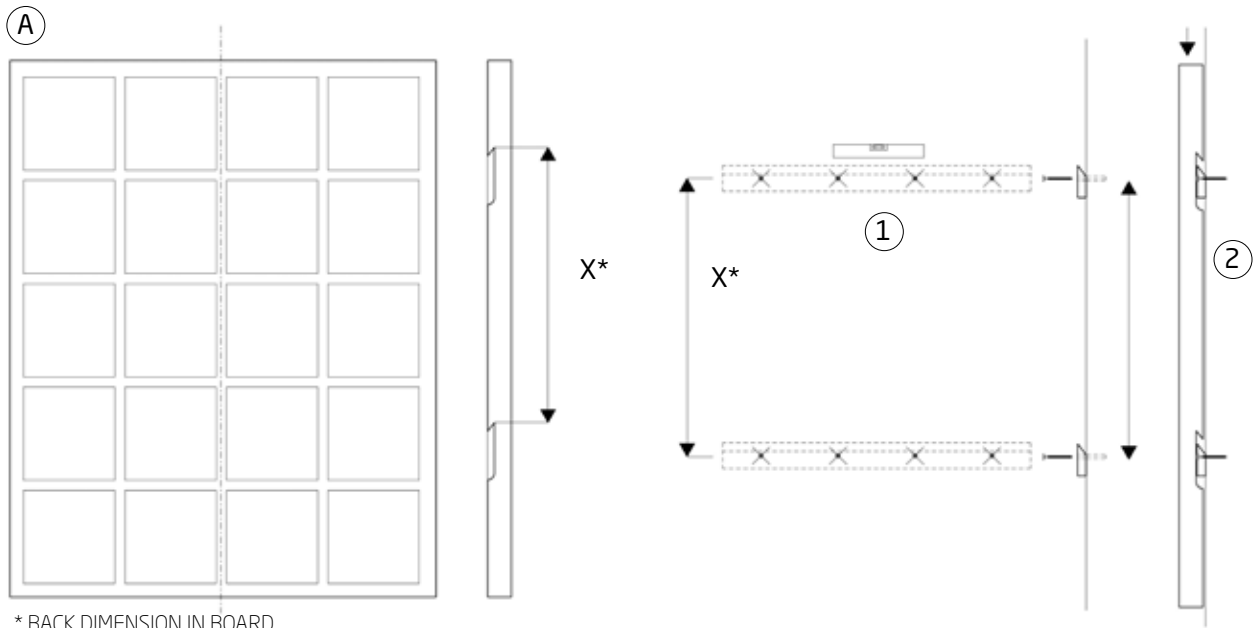

Considered to be an exten-  
sion of the wall when all  
shelves are closed, or when  
not being used, and open-  
ing the shelves as needed.  
They open by pressing the  
shelf slightly inward with  
one click on the magnetic  
bracket

# MODULE 77

DESIGN: DANILO OLIM 2017

**MODULE 77**  
**[RE]THINK**  
**THE MODULAR**

Design: Danilo Olim by  
DAAO 2017

The 77 is a module that  
combines and multiplies  
itself for endless structure  
possibilities.

The act of constructing  
the piece, creates a deeper  
sense of ownership,  
promoting creativity and  
invention.

The pieces are inserted in  
each other, facing either  
forward or backwards.

The 77 is a small piece, that  
can go unnoticed when iso-  
lated, highly gains in terms  
of structural resistance  
and formal output, when  
grouped.

One storage and shelving  
module that combines and  
multiplies itself for endless  
structure possibilities.

The structure of 77 is perfectly adaptable to the changing needs that current families have and the different spaces that people come to inhabit during their lifetime. Any user can assemble, transform, create and recreate an endless number of shapes and sizes

# ACCESSORIES

d+ is a brand of accessories by DAAO.

d+ - design[ed] for you

*Wine system  
support 35*  
**INSPIRE YOURSELF**  
Design: Danilo Olim by  
DAAO 2021

This system can be inserted in any furniture base by simply inserting an 8mm hole and then inserting the connection point to the system supplied in the package and the holder itself.

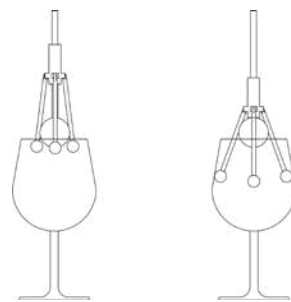

*Wine system  
shelve 35.1*  
**INSPIRE YOURSELF**  
Design: Danilo Olim by  
DAAO 2021

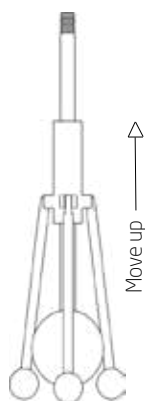

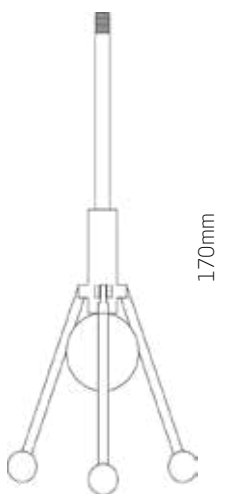

We inverted the way to store the wine glass by holding it from the inside and using the part from the shelf that is not usually used, the bottom of the shelf. We decided to play with the possibilities by

changing their places and creating a prominent place, suspended, for the wine glass. *System 35 is a suspended support for wine glasses.*

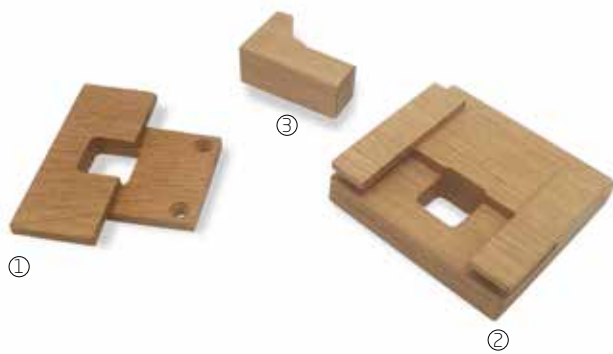

For cup placement, pull the moving piece up and place the cup. Lower the moving piece and it automatically locks the cup.

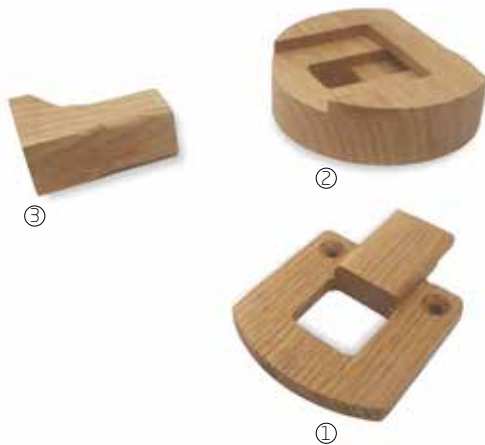

## 18\_02 HANGER INSPIRE YOURSELF

Design: Danilo Olim by  
DAAO 2022

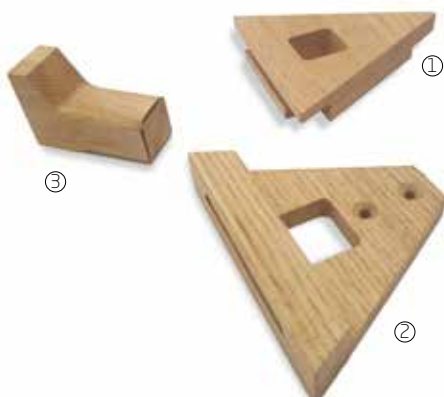

The concept of the  
18\_02 hangers was  
developed around the  
three purest shapes of  
the design, the circle, the  
triangle and the square.  
In this project we try to  
add to the purity of the  
forms the inexistence of  
hardware.

CABIDE 18\_02.3 HANGER

## TERMS AND CONDITIONS OF USE:

DAAO Concepts – Architecture and Design assures that the information in our website is correct and liable at the time of its insertion, however, you must be aware that DAAO Architecture and Design does not assume any kind of responsibility for typing mistakes in the referred Website, being the responsibility of the customer to request detailed information through our communication channels.

By accessing our Website, you do not acquire any type of rights besides those that contemplate its use and viewing.

You can only use the images and the information of this Website for personal use, never for commercial purposes.

DAAO reserves the right to change, edit or modify its Website at any time and without prior advice.

All information exchange with the customers is confidential and it will never be published.

The Terms and Conditions of this website, as well as all its contents, are in accordance with the Portuguese Law, which the competent authorities have the exclusive jurisdiction.

Questions or doubts related to this Website and to DAAO Concepts Architecture and Design should be emailed to [info@daao.pt](mailto:info@daao.pt)

## HOW TO USE THE WEBSITE TO PURCHASE ONLINE

The online website works at [www.daao.pt](http://www.daao.pt)

Only persons with more than 18 years old can make orders.

The orders are to be validated after payment of 100%.

For orders sent by delivering service, DAAO reserves the right to send the order only after the total delivery amount of the furniture package in question is paid.

After that date, it counts the time established between DAAO and the customer. The counting of the time for the delivering of the order is established with the customer, case by case, according to the previous contacts between DAAO and the Customer.

The purchases as well as any information regarding the furniture can be sent on a 24h basis.

All furniture purchased in our Website belongs to DAAO Collection, being attributed a number to each piece, which is also given to the customer.

The images of the Collection products presented at this Website can have small differences namely the color and configuration, as it is an image/photo.

To Cancel the Orders

The orders can be cancelled up to three days as from the confirmation of same, being the payment done returned to the customer. The order is considered cancelled only after a written confirmation is sent by DAAO.

Pricelist

The price of DAAO furniture is sent by email, on request, being added the VAT, according to the tax in force.

The price does not include any other services, namely the delivery and assembling (if necessary).

The sale price does not apply for orders for resale to the public. These will be negotiated on a case by case basis.

## DAAO FURNITURE GUARANTEE

What does the guarantee cover?

The guarantee of our furniture covers material and manufacturing imperfections, namely the structure, covering, ironware, textiles and the finishing, as from the date of purchase during a period of 2 years. The original invoice/receipt is essential as proof of acquisition. This guarantee is only applied to domestic use.

Please read the following Terms and Conditions before using this Website

## TERMS AND CONDITIONS OF THE WEBSITE:

DAAO Furniture Design website is the responsibility of DAAO Atelier – Architecture and Design.
