DAAO – Design and Architecture Atelier presents our Furniture Collection developed by DAAO Studio.

Having been developed in the last two years, this Collection brings a new concept to home furniture.

With a functional approach, DAAO Furniture Collection prioritizes the purpose and use, dispensing devices, or mainly decorative forms.

We believe that the object's function creates the form, utilizing design to make it essential.

A handwritten signature in black ink, appearing to be 'DAAO'.

Shelves 17 has a thickness of 70mm and may have any height or width desired. Made up by multiple shelves, this bookcase can be designed in all sorts of different sizes, with no limitations in dimensions.

## DESIGN[ED] FOR YOU SHELVES 17

Design: Danilo Olim by DAAO  
Available wood are: Walnut,  
Birch plywood or Oak.

**1 shelf (measures in  
millimeters):  
W 300 x H 340**

Board with shelves with an independent organization. Opens one, two, or all, adapting to the most suitable organization. **Bookshelf 17** was developed with the premise to occupy the necessary space, when necessary.

Considered to be an extension of the wall when all shelves are closed, or when not being used, and opening the shelves as needed. They open by pressing the shelf slightly inward with one click on the magnetic bracket

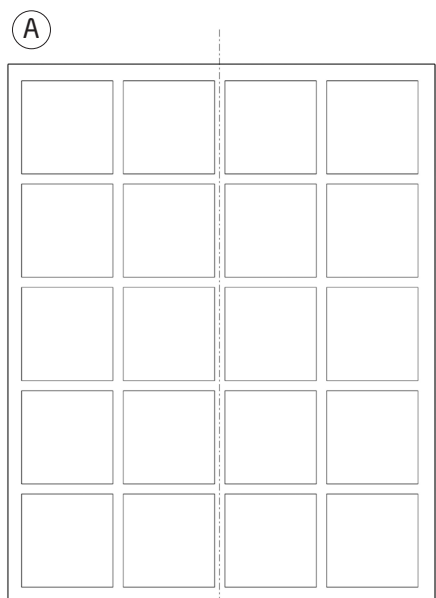

ASSEMBLY
